

## Application for Services

### Applicant Information

Name \_\_\_\_\_ Student ID# \_\_\_\_\_

Date of Application for Services \_\_\_\_\_ Phone \_\_\_\_\_

E-Mail \_\_\_\_\_

### Requested Accommodations

**Please list all accommodation that you are requesting at Saint Luke's College of Health Sciences Educational Setting**

Signed by \_\_\_\_\_ Date \_\_\_\_\_

Before any accommodations can be made, please submit required documentation required by the Testing Accommodation or Student Accommodations Policy found in the College Catalogue

### **INCLUDE DOCUMENTATION**

The College requires that this form be accompanied by appropriate and current documentation (see instructions for testing accommodations and accommodations policies) of a disability and be submitted at least 3 weeks in advance of receiving the approved accommodation(s). Once the documentation is received and approved, you will need to meet with the Dean of Students to discuss the accommodations(s), policies, and procedures. Information regarding the disability is kept confidential by the Dean of Students and will be shared only with course faculty in courses where accommodations need to be made. Once documentation is provided for a specific accommodation, the accommodation will remain in effect as long as the student is continuously enrolled.

NOTE: Required documentation may vary depending on the claimed disability and requested accommodation.

If you do not have documentation for a disability that has been done since graduation from secondary school or is less than 3 years old, please see the Dean of Students who will refer you to the Saint Luke's Student Assistance Program for disability testing and recommendations for you individualized education plan.
