N488	Complex Care of Adults Clinical (10 weeks)	3
N494	Transition to Professional Practice (5 weeks)	2
N496	Transition to Professional Practice Clinical (5 weeks)	2
	Semester Total	14
	<i>A 2-credit hour elective course must also be taken prior to graduation. The elective must be an "approved" elective—as listed in the BSN courses in the Academic Catalog—and it must be taken at Saint Luke's College of Health Sciences. Most electives are offered in the summer, but occasionally several are also offered in the fall and spring. See the Academic Catalog and your Academic Advisor for approved electives.</i>	2
	Program Total	61
